

AMERICAN BARBELL URETHANE PRO SERIES PLATES

COLOR KG

AVAILABLE IN: 10KG 15KG 20KG 25KG

DESCRIPTION:

American Barbell is the first company to manufacture a urethane bumper plate. These bumpers are exceptionally durable and have a very low bounce. We use premium German urethane to ensure the highest quality and bright, vibrant color.

All markings & logos are color molded into the bumper creating an excellent look and long lasting performance.

The 140MM hard chrome hub is a solid one-piece construction and has a chamfer for easy bar loading and reduced bar sleeve wear.

*Internationally patented
